- Portfolio ↗(Client & Personal projects)

## SOFT SKILLS

- Project Handling
- Problem Solving
- Teamwork
- Time Management
- Leadership
- Communication Skills
- Critical Thinking

## TECHNICAL SKILLS

- **Programming Languages:** C, Python, Java (Basics), JavaScript
- **Web Development:** HTML, CSS, JavaScript, Responsive Design
- **Database Management:** SQL, MySQL, Database Design
- **Data Analysis Tools:** Power BI, Excel, Python (Pandas, Matplotlib)
- **Concepts:** Data Structures & Algorithms (DSA), OOPS, Problem Solving
- **Version Control:** Git & GitHub

## LANGUAGES

- **Hindi:** Native
- **English:** Intermediate
- **German:** Beginner

## ABOUT ME

A highly motivated and detail-oriented BCA student with a strong interest in Data Analyst, Full Stack Developer, Cybersecurity. Seeking an entry-level position in a growth oriented organization where I can apply my technical knowledge, continuously learn emerging technologies, and contribute to building secure and scalable systems. I am also highly interested in securing an international job opportunity to explore diverse global work environments.

## EDUCATION

**BCA:** Currently pursuing 3rd Semester at **Prestige Institute of Management and Research**, affiliated to **Jiwaji University**

**12th:** MP Board, 2023 – 71%

**10th:** MP Board, 2021 – 75%

## PROJECTS

### 1. Portfolio Website with AI integration :

Developed a personal portfolio using HTML, CSS, JavaScript, integrated with an AI calling agent that interacts with visitors and provides project information.

**Stack:** HTML, CSS, JS, SQL

**Impact:** Enhanced engagement through real-time voice interaction.

### 2. Quiz Spark with AI integration :

Created a web app where AI builds quizzes from user topics and allows students to compete in real-time.

**Stack:** React.js, Node.js, MySQL, OpenAI API

**Impact:** Reduced manual setup time by 90% and increased interactivity through live competition.

### 3. sales Insights Dashboard (Data Analyst Project) :

Designed a Power BI dashboard to analyze attendance and performance metrics.

**Tools:** Power BI, Excel, Python (Pandas, Matplotlib), SQL

**Impact:** Impact: Automated data cleaning and built interactive Power BI dashboards that improved insight delivery speed by 30% and reduced manual reporting effort.

### 4. JARVIS (Personal AI Assistance) :

Created a real-time conversational assistant using Python for automation and voice control.

**Tools:** SpeechRecognition, pyttsx3, OS

**Impact:** Enabled natural two-way interaction and automated daily operations, reducing manual effort and enhancing productivity.

### 5. College Official Website (Team Project)

Selected among top students to design and develop the new official website of Prestige Institute of Management and Research.

**Stack:** HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

**Impact:** Delivered a responsive, dynamic, and scalable institutional website.

\*(More projects available on portfolio.)\*

## CERTIFICATIONS

- **Deloitte:** Data Analytics Job Simulation
- **IBM:** Data Analyst with Python
- **Oracle:** Oracle Cloud Analyst Professional
- **TATA iForge:** GenAI Powered Data Analytics Simulation
- **Simplilearn:** Full Stack Development 101
- **OfficeMaster:** Power BI Workshop
- **Cisco Networking Academy:** Introduction to Cybersecurity
- **SWAYAM (Govt. of India):** C Programming Fundamentals  
(& 4+ additional certifications in Data Analytics and Web Development )
